Testimony - Lauren P. Raysor Legal Services

Lauren P. Raysor is the attorney for the people. We met over the phone the day after I received an eviction notice from my commercial landlord during the pandemic. She listened to my story and she jumped right in to advocate for me and my business at a time when I exhausted all other possibilities. During a very crippling time for me financially, Lauren represented me Pro Bono no questions asked. She answered my every call, every text, and every email. She spent many hours on the phone with me about my legal matter and explained details in a language I understood. Ms. Raysor introduced me to resources that helped educate and empower me during a time I felt hopeless. She went above and beyond. I'm so grateful God put her in my path.

Forever grateful,

Louisa McTurner
